Alphabet Go Fish and Memory

52 cards. Match each uppercase letter to its lowercase letter.

Get ready

1. Print the cards on thick paper and cut on the dotted lines.
2. New to letters? Start with just 8 to 10 pairs your child already knows.

Game 1: Go Fish (2 to 4 players)

1. Deal 5 cards to each player. Put the rest face down in a pile. This is the pond.
2. Look at your cards. Put down any pairs you have, like A and a.
3. On your turn, ask one player for a letter you need.
4. Say its name and its sound: "Do you have lowercase b? /b/"
5. If they have it, they give it to you. You made a pair! Take another turn.
6. If they do not have it, they say "Go fish!" Take one card from the pond.
7. When the cards are gone, the player with the most pairs wins.

Game 2: Memory (1 to 4 players)

1. Mix the cards. Lay them all face down in rows.
2. On your turn, turn over two cards. Say each letter and its sound.
3. Do they match, like M and m? Keep the pair and take another turn.
4. No match? Turn both cards face down again. Now it is the next player's turn.
5. Try to remember where each letter is hiding!
6. When all the cards are gone, the player with the most pairs wins.

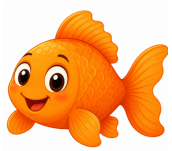

More ways to play

1. Sort: make one pile of uppercase letters and one pile of lowercase letters.
2. Add the letter sound cards (same card size) and match a letter to its picture.
